Approval is not guaranteed. Eligibility, available amount and terms are determined by Snap.

BEFORE YOU DECIDE

KNOW THE TOTAL.

Review these questions before accepting an option.

- **What work is included and what is the project price?**
- **How much will I pay and when is the first payment due?**
- **What are the term and total cost?**
- **What are the early payoff conditions?**
- **When do we confirm the installation?**

PPF PROS confirms the work and appointment. Snap determines approval and terms. An approval does not automatically book installation.

You can request a quote before deciding on financing.
